Fauna & Flora International

Fauna & Flora International (FFI) saves species from extinction and habitats from destruction, whilst improving the livelihoods of local people. Our guiding principles are to work through local partnerships, act as a catalyst for change, make conservation relevant and base decisions on sound science. Founded in 1903, FFI is the world's longest established international conservation body; our conservation work, and impact, spans the globe.

The Opportunity

FFI is seeking a Finance Assistant to help ensure that our day-to-day transactional processing runs smoothly. You will work closely with our UK-based Finance Team members to contribute to the efficient and effective performance of the FFI financial accounting function.

You will have proven experience in a similar role, be at ease working with financial accounting software, and be experienced in purchase ledger transactions and processing pay runs. Excellent numeracy skills, a strong attention to detail and a diligent and rigorous approach to work are essential. Experience of processing large volumes of data would be an advantage.

Your strong interpersonal skills and customer focus will enable you to build effective working relationships. You will be a good team player and enjoy working in a busy environment, with the ability to balance competing demands. With a proactive approach to your work, you will seek to add value and have opportunity to contribute your skills and expertise to FFI's growth and development.

In return, the role offers the opportunity to work within an international, impactful and ground-breaking organisation, at the forefront of global conservation. In addition, FFI offers a generous pension contribution, attractive annual leave allowance and life insurance.

Our offices are located in The David Attenborough Building in central Cambridge, just a few minutes' walk from glorious historic buildings and museums, the picturesque River Cam, the central market and shopping centre, and a host of cafés and restaurants.
